To give back to the local communities who give so much to us each spring and summer, in Louisville USATF Masters initiated a new program to partner with local charities. For this meet our partners were **A Place to Sleep**, which provides beds for children who do not have one, and **Home of the Innocents** which provides residential care for children who have been abused, neglected, or abandoned. New bedding supplies (pillows, pillowcases, sheets, blankets, and comforters primarily twin-sized and toddler/crib sized) were collected for A Place to Sleep and necessary personal care items for Home of the Innocents at the Executive Committee table near Packet Pickup at the entrance to the facility. The items were donated to the organizations at the end of the meet, along with nearly \$800 in cash and checks donated

by USATF Masters athletes during the meet. This initiative will continue this summer in Greensboro with local partners there.
