

Testimonial from August Clark, former intern at *Weiner Public News*

I interned at Weiner Public News at the National Press Club. *Robert Weiner Associates / Weiner Public News* writes opinion articles, news stories, and action releases, and conducts and generates radio and television interviews. This is reflected by the company's commitment to American values of helping people, freedom, justice, and integrity.

I just got my first-ever article published in the *Miami Herald*! To achieve this, I had to endure long hours of research, writing, revising, and reading in order to make sure the article was where Bob and I wanted it to be. Every time I go into the Press Club, we talk about the latest and most pressing news stories. The fun part: we get to write about them! The article we wrote, "We're not winning the drug war in Afghanistan. The Taliban is" was a fun first article to write about. Bob is a tremendous guy with a lot of writing experience under his belt. It is truly an honor to work side-by-side with him when talking and writing about stories. Right now, I am currently writing another article on "Brexit." I am excited to see where this one lands and how it will turn out! This has been a great experience so far and definitely a lot of fun!
