Hillary Clinton Headlines Club's Boost for Cancer Research

Senator Hillary Clinton and top House Democrats Steny Hoyer, John Conyers, and Mike Honda headlined a historic reception celebrating progress in cancer research at the Club Townhouse. The unique event was organized by long-time Club Member Bob Weiner, former Clinton White House staffer, and his wife Dr. Pat Berg.

Clinton, Top House Dems Laud Advances in Cancer Research

Continued from above

Pat directs a George Washington University Medical Center laboratory and discovered a new gene activated in most breast, prostate, and ovarian cancers, as well as leukemia. At the event's conclusion, Senator Clinton stopped by the restaurant and bar to meet more Club members and took some additional historic Club photos.
